

LED STRIP LIGHT

12 V / LED STRIP 10 MM 240 / CHIP / PER METRE

- HIGH LUMEN SMD 2835
- 240 LED 2oz thickness PCB
- 5 Mtrs roll LED strip 12 VC
- We have 26 LUMENS per led wide range illumination
- LED can be cut as required
- Double copper PCB,s 240 Chips available
- Constant current achieves uniform brightness
- Higher Luminous efficacy

12V / LED STRIP 5 MM / 180CHIP / PER METRE

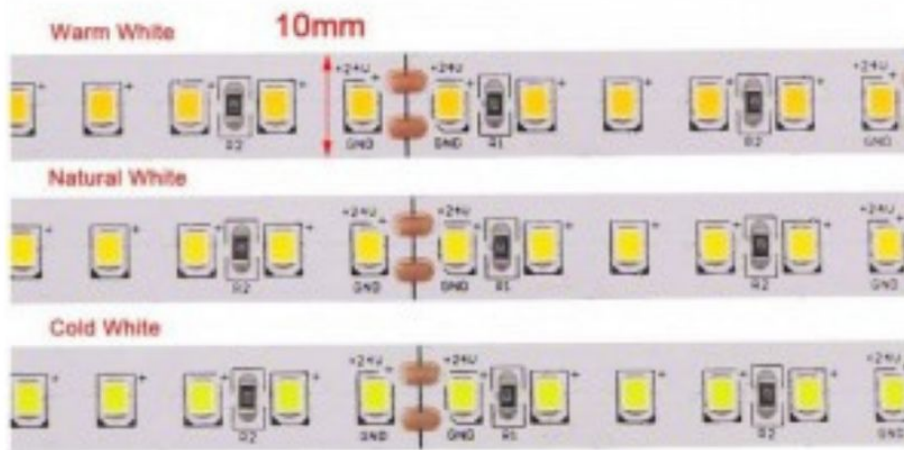

- HIGH LUMEN SMD 2835
- 240 LED 2oz thickness PCB
- 5 Mtrs roll LED strip 12 VC
- We have 26 LUMENS per led wide range illumination
- LED can be cut as required
- Double copper PCB,s 120 Chips available
- Constant current achieves uniform brightness
- Higher Luminous efficacy

12V / LED STRIP 5MM / 120CHIP / PER METRE

- HIGH LUMEN SMD 2835
- 240 LED 2oz thickness PCB
- 5Mtrs roll LED strip 12 VC
- We have 26 LUMENS per led wide range illumination
- LED can be cut as required
- Double copper PCB,s 120 Chips available
- Constant current achieves uniform brightness
- Higher Luminous efficacy

12V / LED STRIP 8MM / 120CHIP / PER METRE

- HIGH LUMEN SMD 2835
- 240 LED 2oz thickness PCB
- 5Mtrs roll LED strip 12 VC
- We have 26 LUMENS per led wide range illumination
- LED can be cut as required
- Double copper PCB,s 120 Chips available
- Constant current achieves uniform brightness
- Higher Luminous efficacy

12V / LED STRIP FLEXIBLE COB STRIPS 350 CHIP/PER METER

- Dot free Pixel free Spot free
- 180 Degree angle
- chip on board
- Higher efficiency and Higher brightness
- Longer lifespan with 3 years warranty
- IP GRADE : IP65, CE / RoHS certification
- New cutting edge technology
- No flicker , No glare , Eye protection

LED STRIPS / 480 LED / DOUBLE PCB

- > Body Material - Aluminium
- > Color Specification - 3 Color
- > Length - 5 meter
- > Lighting Type - LED
- > Brand - Imported
- > Usage/Application - Decoration
- > Lighting Color - WW / NW / CW
- > Input Voltage - 12 V

LED STRIPS / 480 LED / DOUBLE PCB

- > Body Material - Aluminium
- > Color Specification - 3 Color
- > Length - 5 meter
- > Lighting Type - LED
- > Brand - Imported
- > Usage/Application - Decoration
- > Lighting Color - WW / NW / CW
- > Input Voltage - 12 V

Waterproof IP65 LED Flex Strip

- LED Density: Standard (SD) = 30 LED/M, High (HD) = 60 LED/M
- Size: 10mm Wide X 2mm Tall
- Colors: RGB, Colors, UV & White (3000K/4000K/6000K)
- Power: 12VDC

ROPE LIGHT

- LED Rope Light 5 Meters, for Indoor, Outdoor, Decoration Light Waterproof, Cove Light for Ceiling, Pipe Light for Home Décor for Diwali, Balcony
- Light Type : LED
- Light Color : Warm White
- Input Supply : 230V AC

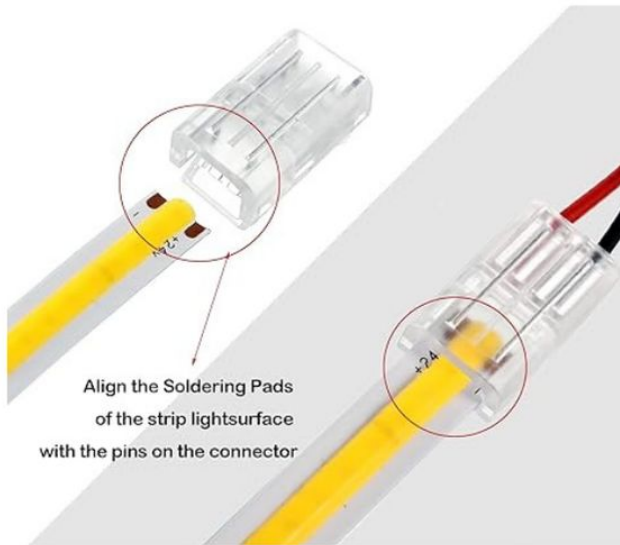

LED Neon Rope Light

- SP Electron 5Meter Neon Lights Flexible Rope Waterproof LED Light Strip for Decoration , Cuttable Flexible Decorative Lights (Warm White)

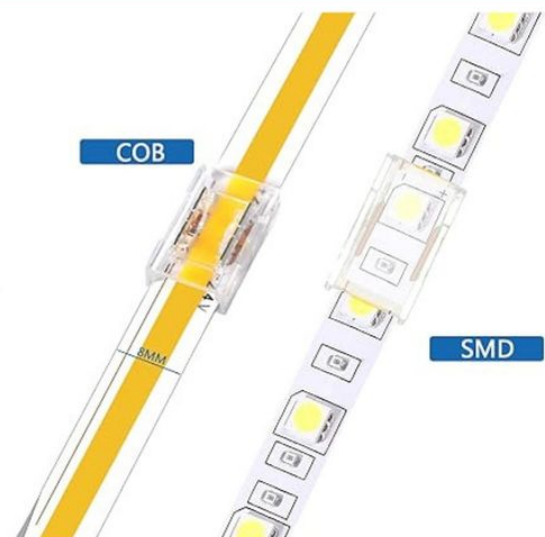

CONNECTORS

LED STRIP SOLDERLESS CONNECTOR (5MM, 8MM AND 10 MM)

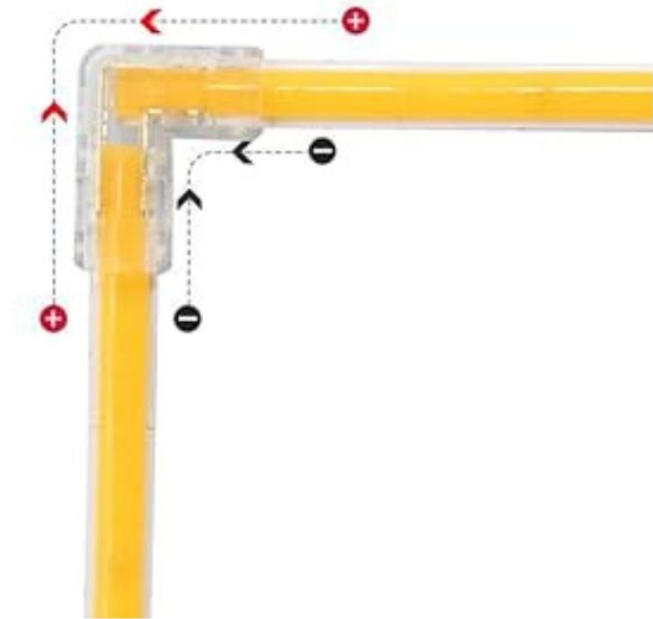

- solder - less
- Seamless Connection , continue Light
- 100% Transparent , No shade keeping original color temperature

LED TO LED CONNECTOR (5MM, 8MM AND 10 MM)

- solder - less
- Seamless Connection , continue Light
- 100% Transparent , No shade keeping original color temperature

LED TO LED CORNER CONNECTOR (5MM, 8MM AND 10 MM)

- solder - less
- Seamless Connection , continue Light
- 100% Transparent , No shade keeping original color temperature
